"THERE'S NEWS ON EVERY CORNER!"

Term 2 Scoop

Review

- ★ Athletics Carnival - Well done to every student for participating.
- ★ Peer support - We love learning about friendships
- ★ K-2 Gymnastics - Jump, tumble and fun!
- ★ Mother's Day - We should celebrate our magnificent mums every day!
- ★ Police Liaison Visit - Always stay safe.
- ★ Colourful Classrooms - Walk through our wonderful rainbow.
- ★ Public Speaking - Congratulations to each student who made the finals. We are so proud of you.
- ★ Easter - Who had chocolate eggs for breakfast?
- ★ Vacluse House Excursion - Stage One went back in time.

Coming up

- Year 2 Swim school for the first two weeks of Term 3.
- K-2 Naidoc Incursion - Please return your notes!
- Education Week - Week Three Term 3
- SSSMF Motinee Performance K-2 9/8/19
- Symbio Kindergarten Excursion - 14/8/19
- K-2 Special Assembly - 22/8/19
- Canteen treat day 3/7/19

Reviews

Athletics Carnival

We travelled by bus to Sylvania Athletics track and it took about 10 minutes.

At the Athletics Carnival we raced against different people in our year. Before our race the K-2 students played games while the 3-6 students completed their races.

There are 4 houses in marching. The blue team came first in marching this year. Their team's name is called Bass and they marched really straight.

- Paige 1/2P & Zoe R 1/2D

Peer Support

Peer support is important to me because you learn about friendship and how to be kind. Last session we made a person and inside it you put one of are friends and wrote what they like doing, what they like doing with you and what their favourite thing is. Last week we made charts and it had a list of different personalities & if your friend has that personality trait you tick it if your friend does not have that trait then you leave it blank. You could also do four friends if you want to but I did not have time to do four friends but it was fun.

I am very excited for peer support. My group is very kind and sweet. I like learning about friends and friendship. I also want to learn about how to help other people. I really like peer support it is really fun. At peer support I learned lots about friendships. Now I know how to be sweet and caring. Peer Support is the best!

- Minna 1/2P Annika 1/2S

Peer support is about learning about each other. In peer support we learn about other people's opinions and what people like to do. It's a bit like harmony day. It's like that because everyone comes into a clump and we stay together for 8 sessions saying nice things. When it's the end of peer support two people get a green card (not the ones that you get for bad behaviour.) The main point I'm trying to say is that teamwork and friendship is important. We do things like colour together and learn about our favourite songs, shows and cars. I strongly believe that peer support is amazing and you should too. You meet new people and play lots of exciting games.

- Attica 1/2D

K-2 Gymnastics

On Tuesday we have K-2 Gymnastics. We use the trampolines, beams and bars and many other things. Our teacher's name is Miss R. First, Miss R shows us how to use the equipment and usually we have a kid to demonstrate how to use the equipment safely. We have some safety rules. One of the rules is don't be silly because if you are silly you will fall off and hurt yourself very badly.

We always play a warm up game. We always have different activities every week. My whole class loves Gymnastics. Sometimes our teacher even puts up the bar to make it harder. We have lots of fun and love the challenges.

- *Olivia 1/2D & Charlie 1/2P*

Mother's Day

On Saturday it was Mother's Day and everyone celebrated their wonderful mum's. We all gave our mum's a card that said a lot of good stuff about them. We gave them a very happy day. We appreciate them.

- *Paige 1/2P & Imogen 1/2B*

Police Liaison visit

A Police officer came to Lilli Pilli Public School and everybody was so excited. We learned how to stay safe. To be safe you need to remember No Go Tell. We easily knew she was a police

officer because she was wearing a blue uniform and she had a gun in her belt. She also had handcuffs in one of her pockets. When people saw the gun they got nervous but as it went on they weren't nervous because the police explained why they had it. The police officer told us about what they do in their job. As she was talking about what she does in her job I started to think 'Wow they work so so so hard!' We got told not to talk to strangers because you can get hurt or in the wrong hands. Please listen to us because everyone in the world needs to be safe. Make sure you take care of yourself. Your family will always keep you safe.

- *Arkie 1/2D & Olivia 1/2D*

The colours of Lilli Pilli

We are so lucky to have had all of our classrooms painted this term.

1/2D has Colours as beautiful as a rainbow like pink and purple. They make us feel energetic and happy.

1/2S has pink and blue and it makes us feel wonderful and happy when we are working.

1/2J has green and it makes us feel like we are in a beautiful joyful garden.

1/2B has purple and it makes us feel kind, happy and warm-hearted.

KM and KF has an aqua colour and it makes us feel calm like the ocean.

- Piper 1/2S and Maddison 1/2P

Public Speaking

All of the k-2 classes are starting to practice their impromptus. Impromptus are when you get 5 minutes to plan a speech about a random topic. In public speaking kids present a speech to their teaches and then the teachers pick two children to present their speech to the whole of the K-2 in the hall. The winner gets to have a trophy for a week and then hands it in at the office to get their name printed on it. The winner goes to a different school to present their speech in the finals. At that school you do the same speech in a different hall. We have both experienced this moment and we are excited to see who goes into the finals this year.

- Jazz 1/2S & Daisy 1/2B

Easter

On Easter Sunday everyone had a very fun time hunting for Easter eggs. We found easter eggs hidden everywhere. We counted how many we had and then had chocolate eggs on our breakfast.

- Anastasia & Charlie

Easter Hat Parade

We had an easter hat parade at school. We made easter hats at home to show in the easter hat parade. Years 3-6 students were our audience. We had a great day with lots of colourful hats.

- Zoe R 1/2D & Daisy 1/2B

Vaucluse House Excursion

Vaucluse House is a historic museum. The Wentworth family lived there. Lilli Pilli experienced the life of the Wentworth family. They had ten kids, two weeks adults and forty-two servants! The servants slept above the hottest room in the house. When Mrs Wentworth wanted help she would ring a bell and all forty-two servants would run to the courtyard and look which bell was ringing. They had no water system because there were no pipes. In the parents bedroom there were 3 mattresses so it was super comfortable. One layer was made of hay. The next layer was made of horsehair and the final later was made from comfortable feathers . The bed was so big you need steps to get on top. The steps contained a secret adult potty. Their toilet paper was made of sheep's wool.

Inspiration and Motivation

It's a laughing matter!

Research shows that laughter is a universal language that is recognised by all cultures. Having a good laugh relaxes the mind and body. It can help us to be able to cope with worries and pain and give us the resilience to try again if we don't succeed at first.

Jokes:

Knock, knock

Who's there?

Lettuce

Lettuce who?

Lettuce in and we will tell you another knock, knock joke

Knock, knock

Who's there?

Spell

Spell who?

Ok, W-H-O

- Jazz Sophie and Charlize

Berry Good Recipes

Berry Smoothie

Ingredients:

- 1 cup berries (raspberries, strawberries, or blueberries)
- 1/4 cup pomegranate juice
- 1/4 cup water
- half of a banana
- 1 cup ice

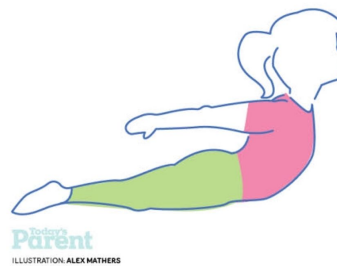

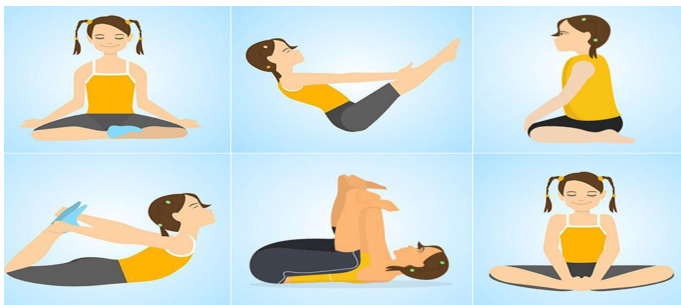

Directions

Just combine the ingredients in a blender and process until smooth.

Kids fitness centre

- Have a dance party with your family
- Go on a bear hunt
- Create a scavenger hunt around your house.

Try these movements to stretch and move your body. See if you can hold these positions for 2 minutes and focus on your breathing.

The Eco Minions

Our tip to you

Flick the switch!

- Turn off the light when you leave the room.
- Turn off the TV if no one is watching it.
- Finally, try turning off the air conditioner

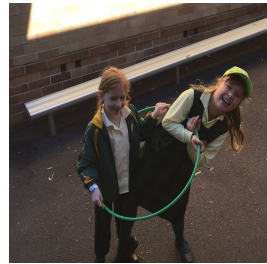

Worm Farm

This Term we have started a worm farm. We send our scraps from crunch and sip to the worm farm. The worms eat the scraps and then turn it into a different kind of food which is good for your garden.

Bags

Our school has been selling these bags for \$5. If you would like to buy one please ask Mrs Martyn or the office.

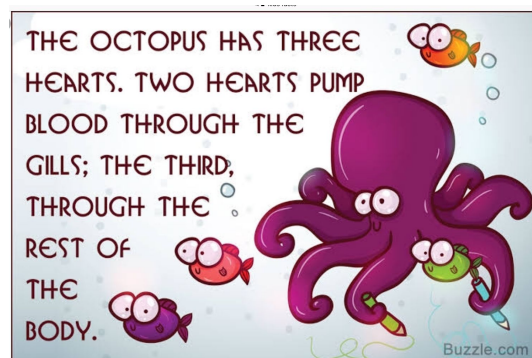

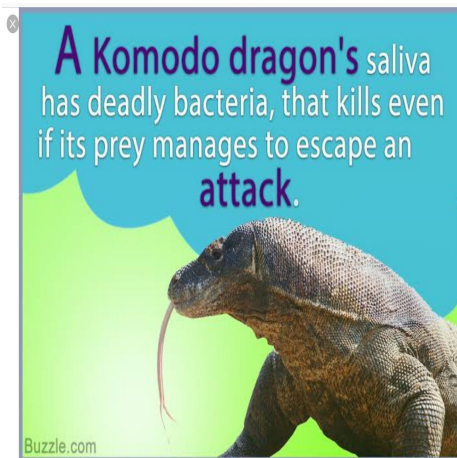

Did you know?

Fun facts

- It is impossible for most people to lick their own elbow. (try it!)
- A crocodile cannot stick its tongue out.
- A shrimp's heart is in its head.
- It is physically impossible for pigs to look up into the sky.
- Like fingerprints, everyone's tongue print is different.
- Rubber bands last longer when refrigerated.
- There are 293 ways to make change for a dollar.
- The average person's left hand does 56% of the typing (when using the proper position of the hands on the keyboard; Hunting and pecking doesn't count!).
- A shark is the only known fish that can blink with both eyes.

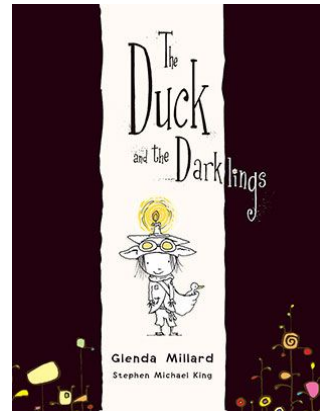

Book Review

The Duck and The Darklings

This Term we did a book study on the book *The Duck and The Darklings*. There was once a place dark and very cold. A little boy and his granddad lived there. Grandpapa would tell colourful stories of what life used to be like. One day Peter-Boy rescued a duck. The duck brought colour back into grandpapas eyes.

I rewrote my favourite part of the story.

Courage gently gave peter-boy a beautiful soft voice. He cried out from a filthy long branch. "One gloomy day I found a very important scrap of wonderfulness. Her brave wings were entirely wounded but in her precious and graceful heart there was hope. So I took her to my lonely home. Idaduck made stars shine in grandpapas eyes. But now she is happily mended and we must say goodbye."

Secret Teacher

Thank you to the secret teacher for always watching at assemblies and making sure Derrick has a safe and loving home.

Growth Mindset - The Power of Yet

The power of yet means you're on your way but might not be there just yet. You will get there if you keep trying and keep asking questions. When you get stuck you can ask your friends or a teacher. Once I was afraid to ask for help but I overcame this fear by knowing that if you ask lots of questions you will get smarter and my teacher likes us to ask questions. It is important to ask for help because you can learn new things. You should never be embarrassed to ask for help because everyone needs help at different times.

- Harper 1/2D

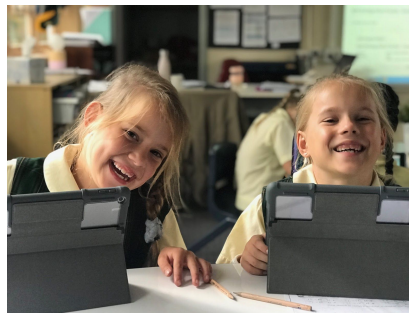

Appreciation

Thank you to our amazing teachers for always being there for us. You put in lots of time so we can do fun things in class and out of class. We are lucky! Thanks for helping us when we are having trouble with something. Thanks for dance, choir, gardening, journalist club, art, coding, excursions, sport and all the other fun activities.
